

# **The Investment Analyst Challenge**

**Presented by Michael Stewart, Senior Analyst**

# Rules of the Challenge

---

1. 5 contestants will group together to form a team
2. Each team will be given a packet of data to share with the other team members
3. During each round of the Challenge, a question will be posed, and the teams will have a maximum of 5 minutes to find the answer in the packet of data
4. Once the answer has been found and the team is positive it is correct, a designated captain will raise a sign, at which time all other teams will stop searching for the answer
5. Only the first team to raise the sign will have a chance to score a point
6. If the answer is correct, the team will receive a point
7. If the answer is wrong, the team will lose a point
8. The team with the most points at the end of the Challenge will win a prize
